

Driver B | Stakeholder Participation

1

Adopt a democratic approach to stakeholder engagement

- Use collaborative governance to co-produce system design, strategy, and implementation with stakeholders.
- Think creatively and build a broad coalition

2

Architect structures that enable boundary-crossing co-production of strategy

- Embed participation into strategy development and daily operations
- Diversify participation modalities
- Facilitate fruitful conflict

3

Cultivate capacity to work across lines of difference

- Cultivate belonging & interdependence while celebrating difference
- Shift power from the inside out
- Lead humbly and honor democratic decisions
